

Project Screen

The wireframe illustrates a project management application interface with the following components:

- Header:** A top navigation bar featuring three dots on the left and the URL "smoothflight.io" in the center.
- Logo:** A placeholder for the application logo.
- My Tasks:** A blue button in the top right corner.
- Task Lists:** Three columns representing task status: "Todo", "Doing", and "Completed - Success". Each column has a "+ ..." button at the top right. Each list item includes a "Task Title" (e.g., "Launch website"), a "Last updated" timestamp ("Mar 20, 2024 10:00 AM"), a circular icon with three user profiles, and a message icon with the number "3".
- Project Overview:** A section on the right containing:
 - A progress bar showing "75% Complete".
 - A "Team" section with four user profile icons.
 - A "Big Picture Chat" section with three messages from a user named "Launch website manager":
 - "Mar 20, 2024 10:00 AM Launch website manager" (timestamp)
 - "Mar 20, 2024 10:00 AM Launch website manager" (timestamp)
 - "Mar 20, 2024 10:00 AM Launch website manager" (timestamp)
 - Icons for a wrench and a user profile at the bottom right.

Opened card may take over the right panel, & it would slide over to give more room
